

Jelly Roll NICU quilt

Bay Area Modern a quilt guild

Michelle Boyd

Assuming the jelly rolls are 2.5 wide raw, then these strips are 2" finished. The block is 16" finished. A NICU quilt will be 32", made out of 4 blocks.

Each block needs 8" square, a 16" strip, and a 14" strip out of the background yardage.

8" square fin. 8.5" raw 4 across,
Strips, 4 blocks from 10". Cut strips 2.5 inches wide.
From each strip, cut 16.6" and a 14.5" piece.
One NICU quilt in 18.5" of background fabric.

two construction methods:

you can take 9 jelly roll pieces and sew them together side by side to make 3 strips 6.5 inches wide,

Cut them into:

1: 2-14.5 pieces (ok to cut more 8.5 inch rectangles)

2: 2-14.5 pieces (ok to cut more 8.5 inch rectangles)

3: 4-8.5 pieces

Skip down to the * below.

Or you can take 9 jelly roll pieces and cut them into the right sized pieces and mix and match.

need 12-14.5" pieces 12-8.5" pieces.

from 3 jelly roll pieces, cut 2-14.5" pieces and 1-8.5" piece.

From 6 jelly roll pieces, cut 1-14.5" piece and 2-8.5" pieces.

(you can get 3, do that if you want.

for each block, Sew three 14.5" pieces together into a 6.5" by 14.5" rectangle.

Sew three 8.5" pieces together into a 6.5" by 8.5" rectangle.

* everybody finished like this:

For each block

Sew the 14.5" back ground piece to the 14.5" strip set.

Sew the 8.5" strip set to the right side of the 8.5" background square.

Sew the 14.5" strip set to the top of that so the jelly roll fabric touches the center square.

sew the 16.6" background strip to the side where the jelly roll fabrics are.
